Consultations

Legal

As a consultant to the Sonoma County District Attorney's Office, Santa Rosa, California, I conducted a survey of Sonoma and San Diego Counties and coauthored *Survey and Analysis for Change of Venue in: People v. Richard Allen Davis; Sonoma County* (1995) in support of the prosecution's motion for a denial of a change of venue for the defendant, Richard Allen Davis. This case involved the kidnapping and murder of twelve-year-old Polly Klaas in Petaluma, California and received national attention.

Community health

As a consultant to the Asian American Health Forum in San Francisco, California, I trained a multi-cultural staff consisting of various Asian and Pacific Islander ethnic groups for positions as peer counselors in a community health program sponsored by the State of California (1993).
